

Exhibition Stands & Signage

Rize Kwik-Locs® and Gripper products are used to hang lighting and signage in the Exhibition Industry.

Retail Signage

Kwik-Locs®, Grippers and MGR hooks are all used to hang signage. We offer custom packaging to meet your specific needs. To the right, Rize products are used to hang signage in Whole Foods Market.

About Us

Rize Enterprises is a privately owned company based in Long Island, NY. Our headquarters in NY houses our engineering, marketing, sales and customer service departments.

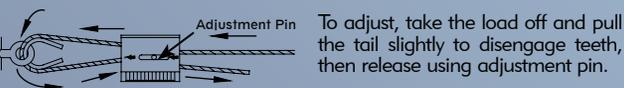

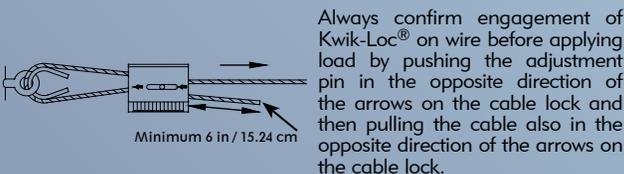

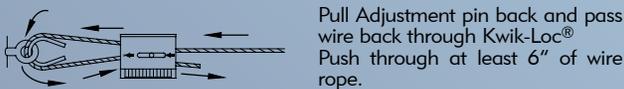

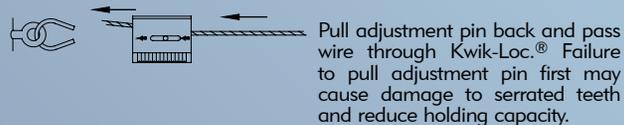

Since our start in 2003, we have steadily grown into one of the leaders in the manufacture and distribution of cable joiners and accessory products for the construction market and other industries.

Sales of Kwik-Loc are focused on leading distributors in their field and we are proud to work with industry specialists who know how to use and install the finest cable suspension systems.

Using a proven technology, our improved design incorporates our patented quick release mechanism. This provides the user with a product that is easy to tighten, release and reposition.

All our products are thoroughly tested at our Long Island facility and by independent testing laboratories around the world.

How It Works

Suspension at its Best

P0 Box 1311 Brentwood, NY 11717 631-930-7532

Suspension at its Best

A lightweight suspension solution for LED lights!

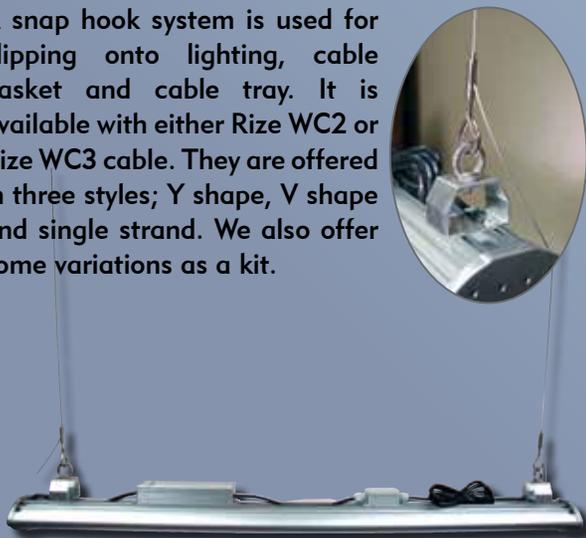

Toggle Kits

A toggle hanger is used for hanging Fluorescent lights and other lighting applications. Different lengths are available, with Rize WC2 cable. They are offered in three styles; Y shape, V shape and single strand. We also offer the Y Toggle Kits are sold in conjunction with the KL75 Kwik-Loc®.

Snap Hook Kits

A snap hook system is used for clipping onto lighting, cable basket and cable tray. It is available with either Rize WC2 or Rize WC3 cable. They are offered in three styles; Y shape, V shape and single strand. We also offer some variations as a kit.

Entertainment Industry

Many Rize products are frequently used in the entertainment industry for backdrops, audio visual and more.

Sign Hanging

Rize supplies a variety of products both sold individually and in kits that lend themselves perfectly for use with hanging signage. Due to the small size, the Kwik-Loc blends well in both retail and signage industries where appearance is a large factor. A popular item for sign or picture hanging is the Rize MGR Hook which is used on Rize WC1 or Rize WC2 cable. The MGR Hook can also be used in conjunction with the Cat-lock suspension system.

Canopy Kit

Rize is pleased to offer a new range of Canopy Kits that are available in both feed and non feed versions. Rize Canopy Kits are supplied with all the parts needed to hang your fixture, from the canopy to the cable and Kwik Grip. These can be supplied with different lengths of cable and different types of Kwik Grips, some of which you will find here. Coiled cable is also available upon request.

Safety Cables

Safety Cables are commonly used for lighting in the oil, gas and entertainment industries.
