

PRESS RELEASE

Project Profile: In Long Beach, California, Mercedes Benz is transforming an airplane hangar previously owned by Boeing into a massive campus facility designed to house several local office operations, a Vehicle Preparation Center and Learning & Performance offices.

Rize was called on to provide the cable suspension for the 371 fixtures throughout the entire facility using our Cat Loc system, V Toggles and Kwik Locs. The center is expected to be open for business early 2015.
